Dear Sheila,

We can't thank you enough for the wonderful treatments you have given our horses. We are so glad we decided to treat two of our school horses after seeing the difference you made with the show horses. Your success continues to be amazing!

Mason is feeling great since his treatment. His stride is considerably longer and he's much lighter on his feet. Duster was so uncomfortable before his treatments we had reached the point where we couldn't ride him. He kicked up constantly at the canter and fell off his leads as well. Thanks to your expertise, he is now a happy horse and cantering like a gentleman.

Again, we can't thank you enough.

Sincerely,

Alice & Kimberly Hann
